## Tallahassee Region Antique Automobile Club of America

The following Article was submitted by TRAACA member Dennis Tober:

I have the '40 LaSalle that is to be the club wiring project. I plan on submitting at least 1 or more articles for the newsletter re: during this project.

However, I thought for the upcoming newsletter that club members may want an introduction to the vehicle. Attached is a short essay that I wrote for the "Speedster" newsletter a while back and a couple of pictures of "Salley" when I first acquired her.

### My Best Friend's Girl

I first saw Salley 10 years ago, the day my best friend Jim brought her down from Chicago. Unfortunately, she was Jim's girl. Although she was a classy model known for her stylish looks, she had a few more years on her than what I was used to. Still, I could not help myself as I was smitten and it was love at first sight.

Jim's intentions toward Salley were true and solid. But due to his failing health over the past few years, Salley suffered for it and was continually worse for wear. But, true to her character she stayed in there and remained by Jim's side until his recent passing.

Salley had nowhere to go. To my delight Salley came to stay with me. You may say her toothbrush now hangs in my garage. Salley and I have a great deal of catching up to do and my intentions are to treat her like the lady I knew she always was and provide her the opportunity she deserves.

I have enclosed the sad picture of her at her worst and one after her first bath in 5 years. As you can see, it is hard for her to not show her underlying pride. Salley has one heck of a smile for a lady that has seen so much over the years.

Ramblings and Roving's of Junkyd Dog & Fluffy  
and sometimes with Stray Dogs too**

**Submitted by Jack Hanbury (AKA Junkyd Dog)**

Well Junkyd Dog and Fluffy took a little time off to recognize one of our members.

I went to the AACA Southeastern National Car Show in Charlotte, NC and found another member with their first national AACA junior. He wanted to show some before and after since I did the appraisal. Hope you enjoy and understand the hard work it takes to reach this point from the photos.

The story of Dan & Ann Stallings finding this 57 T-Bird was in the April 2010 TRAACA Newsletter and you can still read the article and see initial photos on our TRAACA website.
